# PITIRIM SOROKIN SYKTYVKAR STATE UNIVERSITY

ESTABLISHED IN 1972

Pitirim Sorokin Syktyvkar State University (SyktSU) is a rapidly developing university with more than a half century of history. It is the largest university in the Komi Republic and it provides all levels of the higher education. The University has an advanced infrastructure for science and innovation. The University's 286 staff members, who take care of teaching at the University, are highly skilled professionals — 65% of them have a Ph.D. and 12% a D.Sc. degree. Moreover, the University offers students a wide variety of educational programmes: more than 7,400 university students are spread over to 199 bachelor's, master's and PhD programmes. SyktSU has more than 38000 alumni who got good positions as true professionals in the different fields of life activity in different countries. Entering SyktSU is a good challenge for you to show and develop your skills and finally be proud of becoming a member of the large university family.

In 2019, our University ranked 150th out of 337 Russian Universities in the "INTERFAX" National University Ranking. It took the 119th position in educational programmes and the 147th position in scientific research.
